

Evolo PLUS.

A clean solution. Reliable for everyday use.

Whether in a laboratory, hospital, research facility, industrial setting, educational institution, or modern commercial setting: EvoLo PLUS demonstrates its strengths wherever changing room solutions must be not only durable, but also hygienic, precise, and high-quality.

Your Benefits at a Glance:

- + **High-quality:** sturdy steel structure with a durable enamel coating
- + **Secure:** specially burglar-resistant construction in accordance with Level C of DIN 4547
- + **Convenient:** reinforced doors with a doorstop silencer and a standard 90° door opening limiter
- + **Ventilated:** optimized airflow through ventilation openings in the compartment bottom and roof
- + **Visually striking:** narrow lateral edges for a uniform row arrangement without distracting gaps

With its sleek, clean lines, exceptionally sturdy construction, and well-thought-out details, EvoLo PLUS is the solution for environments with high standards: easy to clean, safe for everyday use, and flexible enough to adapt to a wide variety of room layouts.

The Right Solution for Every Application

Single-tier lockers

Classic locker solution with a permanently welded storage shelf, a sturdy changing room rail, and 3 anti-rotation double sliding hooks per compartment.

lockers with bench

A convenient solution for changing rooms where seating, changing, and storage need to be seamlessly combined. The seat bars are made of beech hardwood as standard, and are rounded on all sides, and are coated with clear varnish—featuring natural color variations for a high-quality, vibrant look. The seat base comes standard in Black Gray RAL 7021.

assembled box lockers

Ideal for personal items, work supplies, or security compartments—with smooth doors and a cylinder lock.

Double-tier lockers

Space-saving solution for areas with many users. Each case features a sturdy changing room rail and 3 double sliding hooks.

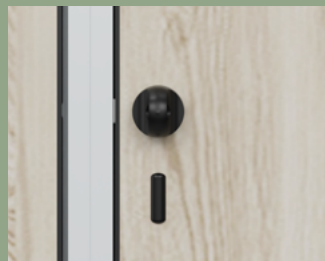

Flexible Designs

Available in floor-standing, with feet, a base, or a bench, and optionally with HPL decor doors. For lockers mounted on a bench or frame, the body height is 1700 mm. The locker and bench are shipped separately and are easy to assemble yourself..

Hygienic Down to the Last Detail:

Smooth interior and exterior surfaces, sweep-out compartment bottoms, and the special side cover profile make Evolo PLUS particularly easy to clean—ideal for areas where cleanliness matters.

Safe for Everyday Use:

Reinforced doors, a safety turning bolt latch, a door opening limiter, and a design that offers exceptional resistance to forced entry ensure stability, protection, and durability.

Flexible planning:

Whether floor-standing, with feet, a plinth, or a bench—Evolo PLUS adapts to the space, intended use, and requirements. Optionally available with high-quality HPL decor doors for special designconcepts.

Comfortably equipped with good equipment:

Depending on the model, it features a storage shelf, a sturdy changing room rail, and 3 anti-rotation double sliding hooks—for organization, clarity, and excellent everyday practicality.
