Product advantages:

- + Body with ventilation openings at the top and bottom for optimum air circulation
- + Closed door side profiles for high torsion resistance
- + Fronts with additional ventilation gills for even more effective ventilation
- + Increased corrosion protection thanks to zinc-plated locker base and additional floor gliders
- + Safety turning bolt latch for padlock, ergonomically shaped, turns when closed and thus prevents breaking open by over-turning
- + Break-open protected construction according to level B in accordance with DIN 4547

DIN 4547

C+P locker Classic PLUS, bench, 4 compartments, 2120x1200x815mm

Locker Classic PLUS, 4 compartments, compartment width 300 mm, body made of sturdy steel construction with high-quality enamel coating for high UV and corrosion resistance, with rear ventilation openings at the top and bottom, 1 storage shelf inside each compartment, 1 sturdy room changing room rail made of 30 x 30 mm oval profile underneath with 3 twist-proof double sliding hooks incl. system holder, with bench underneath, frame made of sturdy 30 x 30 mm square tubing, with adjustable double sliding hooks for easy level adjustment, 4 door openings 110 degrees, door mounting bracket right, steel doors with soft stop and closed side profiles for high stability, with ventilation gills at the top and bottom and punched label holder, door mounted on bolt hinges, 4 ergonomic safety turning bolt for padlocks with bolt size 6 to 8 mm, incl. door protection, bench slat made of beech hardwood, profile approx. 60 x 25 mm, rounded edges for good seating comfort, coated with clear varnish with natural color differences, dimensions (H x W x D): 2120 x 1200 x 815 mm, Color: RAL 7035 light gray, Doors: RAL 7035 light gray, Frame: RAL 7021 black gray

Product advantages:

- + Body with ventilation openings at the top and bottom for optimum air circulation
- + Closed door side profiles for high torsion resistance
- + Fronts with additional ventilation gills for even more effective ventilation
- + Level adjustment for easy compensation of uneven floors
- + Safety turning bolt latch for padlock, ergonomically shaped, turns when closed and thus prevents breaking open by over-turning
- + Bench built underneath the locker for easy floor cleaning and a clean look
- + Bench slats made of beech hardwood, planed and naturally varnished on all sides, rounded edges for good seating comfort
- + Break-open protected construction according to level B in accordance with DIN 4547

C+P Classic PLUS storage lockers, 2 compartments, 1850x600x500mm

Storage solutions Classic PLUS, body made of sturdy steel structure with high-quality enamel coating for high UV and corrosion resistance, galvanized locker base for increased corrosion protection, with rear louvers at the top and bottom, shortened center partition on the inside, 4 shelves on the left, 1 storage shelf on the right, 1 sturdy changing room rail made of oval profile with 3 twist-proof double sliding hooks incl. system holder underneath, doors closing in the middle for joint lock, with floor gliders for practical cabinet and floor protection, 2 door openings 110 degrees, steel doors with soft stop and closed side profiles for high stability, with ventilation gills at the top and bottom and punched label holder, door mounted on bolt hinges, 1 ergonomic safety turning bolt for padlocks with bolt size 6 to 8 mm, incl. door protection, dimensions (H x W x D): 1850 x 600 x 500 mm, Color: RAL 7035 light gray, Doors: RAL 7035 light gray

Product advantages:

- + Body with ventilation openings at the top and bottom for optimum air circulation
- + Doors hinged together for a common lock
- + Closed door side profiles for high torsion resistance
- + Fronts with additional ventilation gills for even more effective ventilation
- + Increased corrosion protection thanks to zinc-plated locker base and aluminum floor gliders
- + Plenty of space at the bottom of the cabinet thanks to the shortened partition, for convenient storage of cleaning buckets, for example
- + Safety turning bolt latch for padlock, ergonomically shaped, turns when closed and thus prevents breaking open by over-turning
- + Break-open protected construction according to level B in accordance with DIN 4547

DIN 4547

C+P Classic PLUS storage lockers, 2 compartments, 1950x600x500mm

Storage solutions Classic PLUS, 2 compartments for 1 person, compartment width 300 mm, body made of sturdy steel structure with high-quality enamel coating for high UV and corrosion resistance, with rear ventilation openings at the top and bottom, inside left 4 shelves, right 1 storage shelf, underneath 1 sturdy changing room rail made of oval profile with 3 twist-proof double sliding hooks incl. system holder, doors closing in the middle for joint closure, on a 100 mm high base, door openings 110 degrees, steel doors with soft stop and closed side profiles for high stability, with ventilation gills at the top and bottom and punched label holder, door mounted on bolt hinges, 1 ergonomic safety turning bolt for padlocks with bolt size 6 to 8 mm, incl. door protection, dimensions (H x W x D): 1950 x 600 x 500 mm, Color: RAL 7035 light gray, Doors: RAL 7035 light gray, Base: RAL 7035 light gray

Product advantages:

- + Body with ventilation openings at the top and bottom for optimum air circulation
- + Doors hinged together for a common lock
- + Closed door side profiles for high torsion resistance
- + Fronts with additional ventilation gills for even more effective ventilation
- + Increased corrosion protection thanks to zinc-plated spindle base and sturdy base made of plastic
- + Safety turning bolt latch for padlock, ergonomically shaped, turns when closed and thus prevents breaking open by over-turning
- + Break-open protected construction according to level B in accordance with DIN 4547

C+P storage cabinets 13 series, 1980x700x300mm

Storage cabinet Series 13, as storage cabinets, body made of sturdy steel construction with high-quality enamel coating for high UV resistance, with plastic glides as practical cabinet and floor protection, high flexibility of interior fitting thanks to height adjustability in 10 mm increments, doors reinforced for high stability, door mounting on bolt hinges at top and bottom with opening angle of approx. 110 degrees, closing in the middle for joint lock, 84 open-front container sizes, 60 size 2 red, 24 size 3 blue, 15x door mounting brackets with high load capacity of 50 kg, 1 Ergo-Lock grip lock for optimum operation safety and wear resistance, 3-bolt cylinder locks, with cylinder lock and 2 keys, dimensions (H x W x D): 1980 x 700 x 300 mm, Color: RAL 7035 light gray, Doors: RAL 7035 light gray

Product advantages:

- + Doors hinged together for a common lock
- + High flexibility of interior fitting due to adjustability in 15 mm increments
- + Practical open-front containers for clear storage of small parts
- + 3-bolt "Ergo-Lock" grip locks with 2 keys and patented mechanism: simply press to close

Item no./Variant: 133113-22|S10064

EAN (GTIN): 4062084809876

Manufacturer: C + P Möbelsysteme GmbH & Co. KG

Description

Body material: steel

Body surface: varnished

Front version: hinged doors

Front stop: DIN left+right

Front stop 2: colliding

Front stop type: folding in

Mounting front: bolt hinge

Front fitting: inside / not visible

Number of doors: 2

Door material: steel

Door opening angle: 110

Number of shelves: 15

Shelves material: steel

Surface of shelves: zinc-plated

Load capacity shelves: 50

Height-adjustable base: Yes

Floor height adjustment grid: 10

Open-front containers: Yes

Lock: cylinder lock

Key number: 3-bar

Handle: Ergo-Lock grip locks

Number of keys: 2

Key type: Beard key

C+P storage cabinets 13 series, 1980x1000x420mm

Storage cabinet Series 13, as storage cabinets, body made of sturdy steel construction with high-quality enamel coating for high UV resistance, with plastic gliders as practical cabinet and floor protection, high flexibility of interior fitting thanks to height adjustability in 10 mm increments, doors reinforced for high stability, door mounted on bolt hinges at top and bottom with opening angle approx. 110 degrees, closing in the middle for joint lock, 12 open-front containers PLK 2a blue, 4 zinc-plated shelves, 1 Ergo-Lock grip lock for optimum operation safety and wear resistance, 3-bolt cylinder locks, with cylinder lock and 2 keys, dimensions (H x W x D): 1980 x 1000 x 420 mm, Color: RAL 7035 light gray, Doors: RAL 7035 light gray

Product advantages:

- + Doors hinged together for a common lock
- + High load capacity of the shelves of 70 kg for flexible use
- + High flexibility of interior fitting due to adjustability in 15 mm increments
- + Practical open-front containers for clear storage of small parts
- + 3-bolt "Ergo-Lock" grip locks with 2 keys and patented mechanism: simply press to close

Item no./Variant: 133144L21|S10020

EAN (GTIN): 4069361415966

Manufacturer: C + P Möbelsysteme GmbH & Co. KG

Description

Body material: steel

Body surface: varnished

Front version: hinged doors

Front stop: DIN left+right

Front stop 2: colliding

Front stop type: folding in

Mounting front: bolt hinge

Front fitting: inside / not visible

Number of doors: 2

Door material: steel

Door opening angle: 110

Shelves material: steel

Surface of shelves: zinc-plated

Load capacity shelves: 70

Height-adjustable base: Yes

Floor height adjustment grid: 15

Lock: cylinder lock

Key number: 3-bar

Handle: Ergo-Lock grip locks

Number of keys: 2

Key type: Beard key

C+P Acurado tool cabinet, 1950x930x400mm

Tool cabinet Acurado, body made of sturdy steel construction with high-quality enamel coating for high UV resistance, with floor gliders as practical cabinet and floor protection, high flexibility of interior fitting thanks to height adjustability in 15 mm increments, doors with closed side profiles and concealed locking rods for maximum stability and burglar-proof design, with soft stop, door mounted on bolt hinges at the top and bottom with an opening angle of approx. 125 degrees, 4 steel shelves, zinc-plated, load capacity 70 kg, 1 Ergo-Lock grip lock for optimum operation safety and wear resistance, 3-bolt cylinder locks, with cylinder lock and 2 keys, dimensions (H x W x D): 1950 x 930 x 400 mm, Color: RAL 7035 light gray, Doors: RAL 5010 gentian blue

Product advantages:

- + Doors hinged together for a common lock
- + High load capacity of the shelves of 70 kg for flexible use
- + High flexibility of interior fitting due to adjustability in 15 mm increments
- + 3-bolt "Ergo-Lock" grip locks with 2 keys and patented mechanism: simply press to close
