

More than just a locker – the C + P storage lockers

Whether in offices, industrial settings, or public facilities—anywhere personal belongings need to be stored safely, neatly, and in an organized manner—functionality, security, and durability are key. With C + P storage lockers, we offer a well-designed solution for everyday use: robust, flexible, and uncompromisingly practical.

Here's what the lockers & wardrobes offer:

- + **Sturdy steel body:** High-quality enamel coating for high UV and corrosion resistance
- + **Safe & reliable:** Burglary-resistant construction (Class B per DIN 4547)
- + **Optimal air circulation:** Louvers at the top and bottom of the body
- + **Durability:** Zinc-plated locker shelves and high-quality materials for enhanced corrosion protection
- + **Convenience in the details:** Soft-close mechanism, sturdy pivot-pin hinges in the doors, available either floor-standing with floor gliders or with plastic feet—or a base—available
- + **Custom labeling:** Label holder including labeling options

Effective Ventilation:

Front panels with easy-to-clean vent slots ensure better air circulation and hygienic conditions.

Maximum Stability:

Extremely torsion-resistant doors thanks to closed-side profiles—for maximum durability even with heavy use.

Convenient Lock:

Doors closing in the middle allow for a single lock—simple, secure, and practical for everyday use.

Secure Closure Technology:

Cylinder lock included as standard, with optional up-grades—for reliable protection of personal belongings.
