

C + P Solid Benches

Solid Benches

The new generation of banks: more comfort, more possibilities

The highlights at a glance:

- + A wide selection for all requirements: free-standing benches with or without backrest | with coat rack | single or double-sided | with or without shoe rack – and everything can be retrofitted and converted at any time.
- + Frame made of square steel tube 30 x 30 mm, being **EXTREMELY STABLE** with a **load capacity of up to 750 kg** (width 2000 mm), in combination with **HPL seat the frame will be delivered electrolytically zinc-plated as standard**
- + With adjustable floor gliders for an easy level adjustment (12 mm)
- + Seat height 450 mm in accordance with DIN 7917 for an optimum seating comfort (for HPL seat 438 mm)
- + Seats, backrests, and hook rails can be freely selected for every requirement from:
 - Beech hardwood slats 60 x 25 mm, rounded on all sides and clear varnish coated
 - 13 mm solid phenolic HPL core with a decorative surface – especially recommended for wet rooms
 - Slats Plastic slats material with a sturdy steel core inside
- + Hook rails with combined hooks for both hats and coats, including labeling option
- + Coat hooks spread out to the rear (concealed in accordance with DIN 7917)
- + **NO ASSEMBLY REQUIRED** – Delivered pre-assembled for immediate use

Equipped with a shoe rack as a standard or suitable for retrofitting
